Laboratories

Orthopedic Lab (*Japanese translation): Severe Patellar Luxation in Toy Breed Dogs

Instructors: Beale & Hulse, Sponsored by Movora/Veterinary Orthopedic Implants

Full day of lectures mixed with plastic bone lab sessions on corrective osteotomy, patellar groove replacement, and other anti-rotation techniques. Will also cover imaging and 3-D modeling.

Thursday Nov 9, 2023 8:30am-4:30pm \$800

Point of Care Ultrasound Lab

Instructors: Weber & Riggs

This morning lecture and afternoon hands-on lab with live patients is designed to offer an introduction to all veterinarians interested in implementing Point of Care Ultrasound (POCUS) into their practice. The wetlab will be focused on training proper technique. Different viewpoints and normal findings at these locations will be trained on live animals.

Thursday Nov 9, 2023 10:00am-5:00pm \$450

Cancellation Policy: Cancellations prior to September 15 will receive a 75% refund.
Cancellations prior to October 30 will receive a 50% refund. No refunds will be provided after October 30, with the exception of late cancellations due to COVID infection remaining eligible for a 50% refund.

Recover Initiative CPR Labs

Instructors: Yagi & Scott

These courses will teach the concepts and techniques of RECOVER Basic and Advanced Life Support. The certification process consists of an online didactic course followed by onsite training at the conference. Participants must complete the online CE material BEFORE attending the hands-on lab at the conference.
