Laboratories (Conference registration NOT required)

Behavior Lab: Low Stress Handling

Instructor: Ariel Fagen, DVM, DACVB

Hands-on workshop with mannequins to practice canine and feline restraint and handling techniques that are both safer and low stress. Open to vets, vet techs, and support staff.

Thursday Nov 7, 2024 1:00pm-3:00pm \$180

Chronic Pain and End of Life Palliative Care Workshop

Instructor: Carolyn Naun, DVM, CHPV

Do you wonder if you could be doing more for your patients with chronic pain or illness? Are you looking for ideas to maximize a pet's comfort when they're terminally ill, but it's not yet time for euthanasia? This workshop will work through some cases together and explore how a multimodal approach to care can help you best serve your geriatric and end of life patients and support their owners. Open to vets, vet techs, and support staff. Capacity: 20

Thursday Nov 7, 2024 10:00am-12:00pm \$150

Cancellation Policy: Cancellations prior to September 15 will receive a 75% refund. Cancellations prior to October 30 will receive a 50% refund. No refunds will be provided after October 30, with the exception of late cancellations due to COVID infection remaining eligible for a 50% refund.

Orthopedic Lab (*with Japanese translation)

Advanced CCL repair in Dogs with Excessive Tibial Plateau Angle (TPA)

Instructors: Brian Beale, DVM, DACVS & Don Hulse, DVM, DACVS

Sponsored by Movora/Veterinary Orthopedic Implants

Full day of lectures mixed with plastic bone lab sessions on advanced techniques to address excessive angle of the tibial plateau including modified cranial closing wedge osteotomy, double-cut TPLO, CORA-based leveling osteotomy, and using the new planning application vPOP PRO.

Wednesday Nov 6, 2024 8:30am-4:30pm \$800
